

REMARKS

Responsive to the requirement for election of species, applicants elect Species 1, drawn to determining the position or orientation of a creature by recording relative positions of the received signals.

It is believed that claims 1 and 5-42 are readable on the elected embodiment.

The grouping of the claims in the Official Action, which omits claims 13-22, in respect of Species 1, should be reconsidered, because claims 13-22 do not by their terms exclude species 1, and hence are readable thereon, within the meaning of U.S. practice.

An action on the merits is respectfully requested.

The Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any overpayment to Deposit Account No. 25-0120 for any additional fees required under 37 C.F.R. § 1.16 or under 37 C.F.R. § 1.17.

Respectfully submitted,

YOUNG & THOMPSON
